The Quick Way to Stop a Cough

This home-made syrup does the work in a hurry. Really prepared, and saved about \$1.

You might be surprised to know that the best thing you can use for a severe cough, is a remedy which is easily prepared at home in just a few moments. It's cheap, but for prompt results it beats anything else you ever tried. Usually stops the ordinary cough or chest cold in 24 hours. Tastes pleasant, too—children like it—and it is pure and good.

Pour 2½ ounces of Pinex in a pint bottle; then fill it up with plain granulated sugar syrup. Or use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. Thus you make a full pint—a family supply—but costing no more than a small bottle of ready-made cough syrup.

And as a cough medicine, there is really nothing better to be had at any price. It goes right to the spot and gives quick, lasting relief. It promptly soothes the inflamed membranes that line the throat and air passages, stops the annoying throat tickle, loosens the phlegm, and soon your cough stops entirely. Splendid for bronchitis, croup, hoarseness and bronchial asthma.

Pinex is a highly concentrated compound of Norway pine extract, famous for its healing effect on the membranes.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

REBELLION IN STOMACH

"Pape's Diapiesin" at once ends indigestion and Sour, Acid Stomach

Laurels of undigested food cause pain. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just take a tablet or two of Pape's Diapiesin to help neutralize acidity and in five minutes you wonder what became of the pain, acidity, indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless stomach antacid is Pape's Diapiesin, which costs so little at drug stores.—Adv.

During the third week of school a club was organized in the first grade of the village school. This club is known as the "Happy Jack Thrift Club," following the plan laid out by Thornton W. Burgess in a comparatively recent publication of one of his nature books for children. This plan is to teach thrift to all the children, and especially involves the saving of pennies, nickels and dimes for the purchasing of thrift and savings stamps. In this way the children are not only becoming thrifty in the saving of their pennies, but are learning a lesson in patriotism, inasmuch as they are helping Uncle Sam by lending him money.

"SOLEMN PRIDE IN HEROISM"

Marked First Anniversary of the Signing of the Armistice

A DOZEN GOVERNORS PROCLAIMED HOLIDAY

Gen. Pershing and Various Government Officials Issued Statements

Washington, D. C., Nov. 11—The first anniversary of the signing of the armistice and the ending of hostilities in the world war was observed generally to-day throughout the United States.

Governors of nearly a dozen states had proclaimed the day a legal holiday, while many mayors through proclamation and public statements called attention to its significance.

President Wilson in a statement addressed to all Americans, declared "the reflections of armistice day will be filled with solemn pride in the heroism of those who died in the country's service, and with gratitude for the victory both because of the thing from which it has freed us and because of the opportunity it has given America to show her sympathy with peace and justice in the councils of nations."

General Pershing and Secretaries Baker, Daniels and Lansing also pointed out in statements to the American people the deep and solemn meaning of the day, while General March, chief of staff, in a message to "the veterans," asserted:

"You have now turned your attention to civil problems, in which the lessons you learned in war may be aptly applied. Patriotism, self-control and unity of action make for the future welfare of the country as well as for success in battle. You have stood fast under fire and to-day your country expects you to stand as firmly in aiding your government and establishing the doctrines of true Americanism so they will endure for ever."

Washington observed the day with exercises centering about the planting of two memorial trees in Lafayette square opposite the White House. The program called for pronouncement of an invocation by Lieut. Belvin M. Maynard, the "Flying Parson" of the air service, from a plane in the air through the use of a voice amplifier.

Flags of the United States and France, which flew over the American naval headquarters at Brest during the war, floated over the force public school where Quentin Roosevelt was a student while his father was president.

In memory of the young aviator who gave his life for his country in France, pupils of the school planted a memorial tree with exercises, at which was read a telegram sent by Lieut. Col. Theodore Roosevelt, expressing the appreciation of the Roosevelt family for the school's action.
